

Compliance and Rescue ALL-IN-ONE

The 50' (15m) Rebel™ Retrieval model adds versatility and convenience to the trusted Rebel self-retracting lifelines. These new models incorporate fall arrest and a built-in emergency retrieval winch for rescue, making them a versatile solution for many job sites. The Retrieval models continue the Rebel brand's long history of product performance and value.

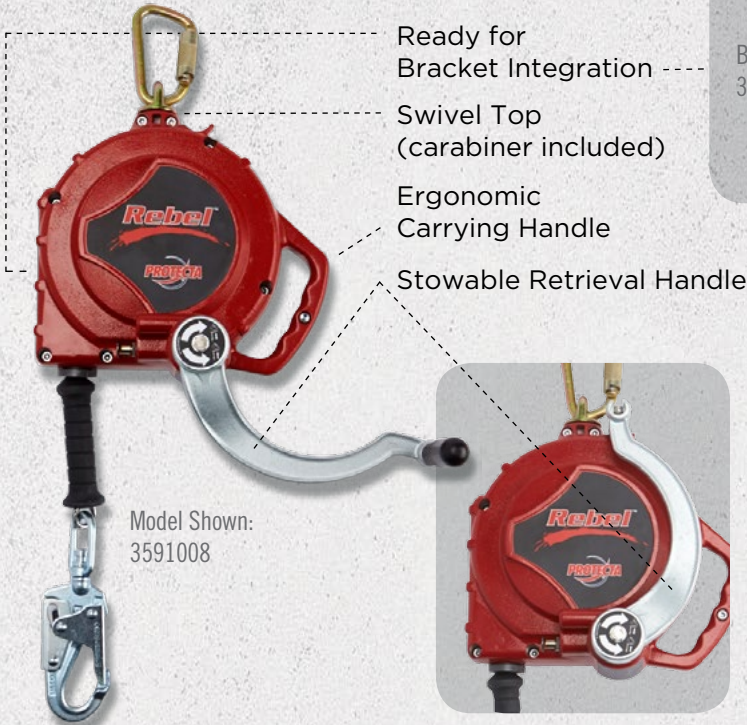

FEATURES:

- 50' (15m) Self-retracting lifeline with rescue
- 3/16" (5mm) Galvanized Cable or Stainless Steel options
- Brackets available for easy tripod integration
- Meets CSA Z259.2.2-98
- Capacity of 310 lb (140kg)
- Designed for confined space applications

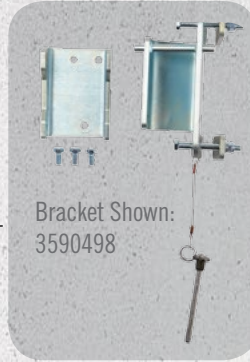

REBEL™ RETRIEVAL

- Ready for Bracket Integration
- Swivel Top (carabiner included)
- Ergonomic Carrying Handle
- Stowable Retrieval Handle

Model Shown: 3591008

Bracket Shown: 3590498
